

Scenario: BUSINESS CONTINUITY

Inject 4

Role: **LEADER**

Detail:

- The Leader convenes the executive team and asks the following questions:
- Which roles should be involved in the business continuity team and executing the business continuity plan?
- Are there immediate actions to take to protect data?
- How should the organization remediate the situation and get back to business?
- How do you communicate the outage and what do you say to employees/third parties/customers?

***What do you do with
this information?***
