

# Scenario: INSIDER THREAT

## Inject 5

Role: **HUMAN RESOURCES**

Detail:

- In a follow-up meeting with HR, Legal and Security, the Leader directs HR and Security to interview this employee.
- In the interview, the employee states that his supervisor has spoken to him about his prior comments about employees. He says he believes they are not productive members of the team, and he is honest with them about it.
- He did call this product “poison.” If it was his choice, he would not let it see the light of day. But it’s the company’s choice. He was simply providing his opinion.
