

Scenario: INSIDER THREAT

Inject 6

Role: **LEADER**

Detail:

The Leader convenes the Executive Team and asks for their input on the following:

Does the Organization issue the employee a warning, asking them to be more aware of the affect their comments may have on others?

What characteristics should be considered as part of an "insider threat?" (Access to information, attitude/intent, performance, technical activity, criminal intent, implied or direct threats, workplace violence, etc.)

What is the long-term plan to replace this employee, if needed?
